NSE Announcements

In pursuance to the revised methodology as to the standardization of lot size on individual securities once in every 6 months, it is proposed to carry out revision of market lot for derivatives contracts for the month of July 2010. All subsequent contracts (i.e., July 2010 expiry and beyond) will have revised market lots.

	Lot Size	
> equal to 1601	125	> equal to 2
801-1600	250	> equal to 2 < equal to 4
401-800	500	
201-400	1000	
101-200	2000	
51-100	4000	
25-50	8000	
< 25	A multiple of 1000	

The Stock Exchanges shall review the lot size once in every 6 months based on the average of the closing price of the underlying for last one month and wherever warranted, revise the lot size by giving an advance notice of atleast 2 weeks to the market. If the revised lot size is higher than the existing one, it will be effective for only new contracts. In case of corporate action, the revision in lot size of existing contracts shall be carried out as per SEBI circular SMDRP/DC/CIR-15/02 dated December 18, 2002.
